INTERACTIVE KIOSK – C SHAPE

The WEJHA Interactive Kiosk – C Shape is a sleek and modern touch-enabled solution designed for customer engagement, self-service applications, and digital information display. Its durable commercial-grade construction ensures reliable performance in high-traffic environments, while the interactive display delivers an intuitive user experience. Ideal for retail, hospitality, healthcare, and corporate settings, it combines functionality, aesthetics, and smart connectivity in a compact design.

KEY FEATURES

ULTRA HD 4K DISPLAY

Available with up to 3840 × 2160 resolution, delivering exceptional image clarity, vibrant colors, and detailed visual performance.

WIDE VIEWING ANGLE

A 178 ° viewing angle delivers consistent image quality and color accuracy from virtually any viewing position.

HIGH BRIGHTNESS PERFORMANCE

Featuring 500 nits brightness to ensure clear and vivid content visibility in retail, corporate, and public environments.

INTERACTIVE TOUCH TECHNOLOGY

Supports infrared touch as standard, with optional capacitive touch technology for enhanced user interaction.

POWERFUL PROCESSING

Provides consistent image clarity from all directions.

24/7 COMMERCIAL OPERATION

Designed for continuous operation with a lifespan of up to 50,000 hours, making it ideal for demanding commercial applications.
